

FileZilla

Please, send .zip files for our FTP server

Important: after sending files, please call the company Campiche: +41 21 908 08 08

Step 1

Download and install FileZilla Client:

Install the software

If you already have another FTP client software, please go directly to step 2!
<http://www.filezilla.fr> – Download – FileZilla Client – Win32-setup.exe

Step 2

Load or download files with FileZilla Client:

1) Open FileZilla

Open the software: Start – Programs – FileZilla

2) Create the connection

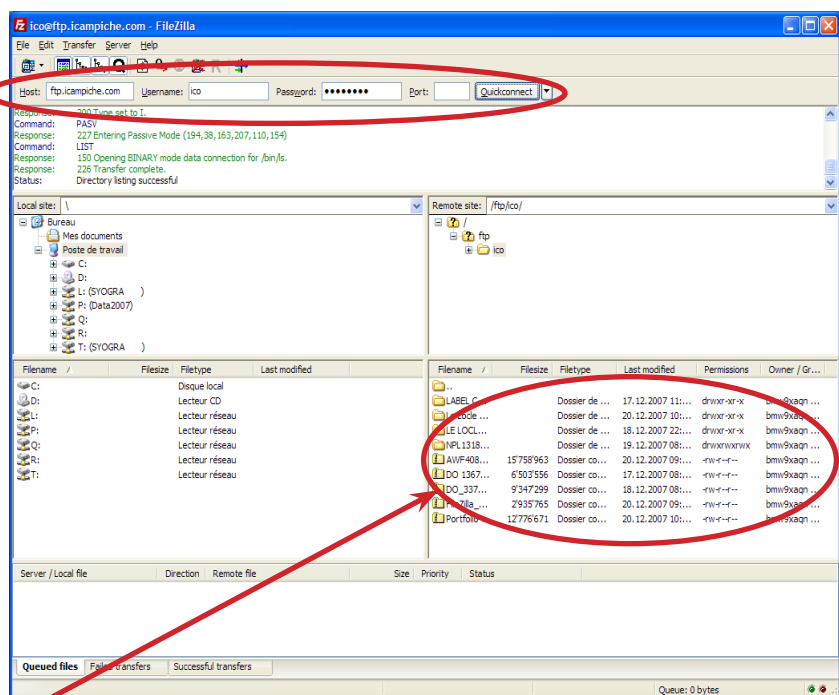

1) Host: **ftp.icampiche.com**

2) Username: **ico**

3) Password: **Ico4Oron**

4) Confirm: **click on Quickconnect**

The little arrow on the right of Quickconnect keeps the settings of connections.

3) Connection established

Drag and Drop files or folders that should be sent to Campiche

4) End of transfer

Wait the end of the transfer and quit the software FileZilla

Thank you for your excellent collaboration!
